

Strategic Advice and Support (SAS)

Primary and Secondary Phase 2010/11

The Strategic Advice and Support (SAS) service supports schools in the effective use of ICT to help raise standards and gives advice on how to harness technology to become an e-confident school.

The service includes:

- Half a day of adviser time in-school to be used flexibly for support and advice or Continuing Professional Development (CPD). Your CPD may be used in-school or with your Extended Services Cluster
- An appointed link e-learning adviser is available as a single point of contact
- Access to telephone support and advice with an adviser is available by contacting our Service Desk
- A meeting every term for a member of your leadership team to be updated on current ICT issues and developments:
 - For primary these are area ICT Subject Leader meetings
 - For secondary these are central briefings
- A member of staff attends free on all curriculum courses if accompanied by a fee paying delegate
- 25% discount for all curriculum CPD either in-house or central courses
- Access to online support and advice on an anytime, anywhere basis through a secure area of the Learning Platform
- Access to Textease at home for all your pupils
- Addressing issues raised by OFSTED reviews and the Renewed Framework
- Next Generation Learning: using the BECTA Self Review Framework and working towards the ICT Mark
- Assessment of ICT
- Supporting teachers in the delivery of ICT as a subject – moving on from the QCA
- Professional Development for all school staff to be e-confident
- Embedding ICT across the curriculum
- Innovative uses of ICT
- Using Interactive Whiteboards, visualisers and other essential ICT teaching tools in the classroom
- Hardware and software procurement to maximise value for money
- Creating and using digital content
- Sharing good practice from other schools in how ICT is used
- How Learning Platforms can support national initiatives such as Community Cohesion
- Meeting governors to discuss ICT matters

A few examples of the advice and support that our e-learning advisers can offer you to use ICT to enhance teaching and learning:

- Safeguarding and e-safety to protect children online in school and at home

Price for 2010/11: £569
