

RUNNYMEDE

The Runnymede Trust is currently looking at how best to help Black and Minority Ethnic parents support their children in education. We hope, at the end of our research, to produce accessible fact sheets to help parents fully understand the education system and enable them to engage actively and confidently with their children's schools, teachers and relevant/useful community organisations in order to improve their children's educational achievement. There will also be supplementary guidance and suggestions for teachers and schools.

As part of the research we have an online survey at <http://www.surveymonkey.com/s.asp?u=420022213523> which we would like as many parents and teachers as possible to complete. We would be very grateful if you could circulate this information as widely as possible.

If you would like more information, please contact realhistories@runnymedetrust.org
