

IMMEDIATE OPPORTUNITIES FOR BIOMASS IN WARWICKSHIRE

An action orientated event for biomass project sponsors, project developers, specifiers, farmers, installers and suppliers.

15 November 2007 9am – 4.30pm

Moreton Hall, Warwickshire

Tour of new wood-fuelled boiler installation

Demonstrations of wood-chipping

Project development workshops with real projects

Practitioners describing successful projects

Current research and future economic opportunities

Networking with all the key regional players

Overview of current projects under development nearby

Equipment manufacturers looking for distributors and installers

This is the definitive MARKET-MAKING event for the area

Free 2007 local state of the market report for all attendees

If you have ever thought your business might benefit from entering the biomass market, this is the event to attend.

By attending, you will learn:

The size of the immediate biomass market in Warwickshire

How much existing wood fuel resource there is

How to develop a successful project

What skills you need to become part of the supply chain

Where bioenergy works

Where the future opportunities lie

Which local projects are looking for suppliers today

See the full programme overleaf

To register

To register email: booking@warwickshirebiomass.org or tel: 01926 312159, giving your name, job title, company name and contact details.

This event costs £65 + VAT per person (£76.37) including lunch and refreshments. West Midlands based SMEs and individuals with a live biomass project qualify for a reduced rate of £35 + VAT (£41.12). Numbers are limited by the size of venue, so please book early to avoid disappointment.

More information on the event website at www.warwickshirebiomass.org
