

Warwickshire **Climate Change Partnership**

Delivering the Warwickshire Climate Change Strategy Review 2009

Items discussed at the quarterly Steering Group meetings June 2008 – June 2009

Energy (conservation efficiency renewables energy planning energy procurement low carbon buildings fuel poverty)

1. Anaerobic digestion
2. AWM heat mapping study
3. Binton community oil procurement
4. Biomass
5. Carbon footprinting
6. Carbon trust advice to SMEs
7. Carbon trust support for LA's
8. Combined heat and power (CHP)
9. Community insulation schemes
10. Computer screen replacements
11. Daw Mill colliery
12. Energy efficient IT server rooms
13. Energy efficient lighting
14. Energy managers' forum
15. Hydro-electricity proposals
16. Power academy
17. PV, Epic PV
18. RBC grants for domestic renewables
19. Renewable energy resource assessment
20. Swimming pool covers
21. Thermal imaging
22. Wind power

Also:

23. Corporate energy policy
24. Energy descent plans

Transport (travel plans promotion of public transport car sharing home working walking & cycling local transport plan LTP fuel efficiency in private vehicles & public sector vehicle fleets)

25. Fuel efficient wheelchair transport
26. Low carbon vehicle working group
27. Napton annual cycle race
28. School minibuses
29. Stoneleigh renewable energy demonstrator proposal
30. University of Warwick lift share initiative
31. Web conferencing and use of IT
32. Whichford & Ascott car share scheme

Also:

- 33. Alternative fuels for jet engines
- 34. Atmospheric fuel synthesis
- 35. Fleet Managers' Forum proposal
- 36. Upgrading landfill gas / AD gas to bio-methane for the transportation sector
- 37. WCC electric pool car project

Resource efficiency (waste management waste minimisation recycling efficient use of resources environmentally aware procurement (including infrastructure) commercial & industrial waste)

- 38. AWM zero waste ambitions
- 39. Fischer Tropsh project (land fill mining)
- 40. WCC business environment advice
- 41. WCC resource efficiency clubs

Adaptation (integration of adaptation measure into new and reviewed policies and related activities whole life costing in sustainable construction and asset management plans risk management strategies)

- 42. Flood forums
- 43. National Indicator 188 (NI 188 – planning to adapt to climate change)
- 44. NWBC eco-homes project
- 45. PPS1 renewable energy evidence base and Core Strategies
- 46. Warwickshire's local climate impact profile
- 47. WCC bridge maintenance and culvert replacement to cater for increased flows

Communications & Education (climate change communications strategy for staff communications strategy for communities awareness raising in the business community)

- 48. Climate change pledge systems
- 49. Community climate change newsletter
- 50. Eco-school activity environmental art exhibition
- 51. Green drinks evening
- 52. Kenilworth energy trail
- 53. Lunch time climate change talks
- 54. Parish and Town Council talks
- 55. Peak oil café scientific talk
- 56. School energy efficiency evening
- 57. Stoneleigh European Bioenergy Expo and Conference
- 58. Student switch off
- 59. Switch if Off campaign (Universally Challenged family challenge (Owl meters) Flash House energy poetry competition giveaways Dine by Candlelight)

Warwickshire **Climate Change Partnership**

- 60. University of Warwick Eco Power Rangers
- 61. Warwickshire Climate Change Partnership third anniversary event
- 62. WCC Energy Advisor network
- 63. WCCP steering group brochure
- 64. WCCP web site

Also:

- 65. British Gas green streets project

Strategic (environmental management carbon baseline data)

- 66. Environment Agency corporate strategy (including climate change)
- 67. NWBC environmental sustainability policy
- 68. Sustainable Operations in the Government estate (SOG targets)
- 69. Warwickshire Wildlife Trust ISO14001

Also:

- 70. Citizen's Panel on climate change and the energy we use
- 71. Climate change project appraisal tool
- 72. Community engagement strategy
- 73. ISO 14001
- 74. National Indicator 186 (NI 186 – reducing CO₂ emissions per capita)
- 75. Number of people on the partner and community group email address lists
- 76. Number of web hits
- 77. Warwickshire's climate change strategy review

And also:

Community

- 78. Alcester Fair Trade Town
- 79. Avon Dassett Flood Group
- 80. Clifford Chambers Flood Committee
- 81. Curdworth Fair Trade Village
- 82. Kenilworth Initiative on Climate Change
- 83. Lapworth Flood Group
- 84. Lighthorne Heath garden army
- 85. Long Itchington and surrounding village For the Earth (LIFE)
- 86. Long Itchington Parish Council - Flood Group
- 87. Stratford Climate Action Network
- 88. Sustainable Action Stratford
- 89. Transition Town Leamington
- 90. Tysoe Flood Team
- 91. Warwick Action 21
- 92. Warwickshire Rural Community Council
- 93. Warwickshire Wildlife Trust

Agriculture / Horticulture / Land Management

- 94. Food and farming event

Steering Group

Warwickshire **Climate Change Partnership**

95. NFU / agricultural sector response to Warwickshire's climate change strategy

96. Peak oil and contingency planning for food supply

97. Biodiversity

98. Living Landscapes

99. Sustainable Action Stratford and partners – community biodiversity project

Sustainable Construction

100. Eco design

101. Rugby radio mast site

102. Accommodation reviews

Funding Opportunities

103. Intelligent Energy for Europe, Covenant of Mayors

Steering Group
