

13. What percentage of the renewable energy generated in Warwickshire do you think should be from the following? (Please insert a number for each – the three numbers should add up to 100%)

Domestic or micro scale projects (generates enough for an individual to meet their own needs)	%
Community scale projects (generates enough to supply schools, community buildings or factories)	%
Commercial scale projects (supplies hundreds of thousands of homes through existing distribution networks)	%

14. Have you heard of the Warwickshire Climate Change Partnership? (please circle)

Yes	No
-----	----

15. What borough or district do you live in?

16. Would you be interested in getting involved with the Partnership?

Yes	No	Not applicable
-----	----	----------------

If you ticked Yes, please leave your details and we will get in touch:

Name: \_\_\_\_\_ Date: \_\_\_\_\_  
 Organisation: \_\_\_\_\_ M/F  
 Address & Postcode: \_\_\_\_\_ Age (decade)  
 Email: \_\_\_\_\_

**Thank you for your taking the time and trouble to fill in this survey!**

## Warwickshire Climate Change Partnership

### How do you feel about Climate Change?

We are keen to build up the largest survey of attitudes to climate change in Warwickshire, and we'd like your views! Please complete as many of the following questions as possible, although none are obligatory.

1. What is the first word that comes into your head when you hear the term climate change?

2. How much do you agree or disagree with the following statement: 'The world's climate is changing'. (tick one box only)

Strongly agree	
Agree	
Neither agree nor disagree	
Disagree	
Strongly disagree	

3. Do you think there will be any negative impacts from climate change in the UK? (please circle)

Yes	No
-----	----

4. If your answer to Q3 is yes, please rank the impacts from 1-6 in order of importance to you, with 1 being the most important and 6 being the least important to you.

Increasingly severe weather – droughts, floods, etc	
Insecure food supply	
Damage to the local and national economy	
Increasing health risk due to excess heat/cold	
Increased safety and security risks, eg. flooded homes, accidents from dangerous weather	
Other (please note)	

5. Do you think that tackling climate change presents any positive opportunities in the UK? (please circle)

Yes	No
-----	----

6. If your answer to Q5 is yes, please tick the THREE potential opportunities that are most important to you.

Three most important

The benefits of warmer weather	
A wider range of jobs and business opportunities	
Better and more energy efficient homes	
Increased public transport provision	
More locally grown food	
A better lifestyle	
Less waste of resources	
More awareness of the way our actions impact other places	
I don't know	
Other (please note)	

7. How much do you agree with the following statement: 'I think that changes in personal behaviour (eg. being more energy efficient and using less fossil fuel) can make a difference to the rate of climate change'.

Strongly agree	
Agree	
Neither agree nor disagree	
Disagree	
Strongly disagree	

8. Do you buy 'green tariff' electricity from renewable sources from your supplier?

Yes	No	Don't know
-----	----	------------

9. If yes, please go to Q10. If no, would you consider buying renewable energy if... (please tick one box)

it did not cost any extra?	
it did not cost more than 5% extra?	
it did not cost more than 10% extra?	

10. Would you be interested in buying electricity or heat from renewable sources that were generated in your area? (Please tick one box only)

Very interested	
Fairly interested	
Neither interested nor uninterested	
Not very interested	
Not at all interested	
Don't know/no opinion	

11. Do you think communities and individuals should be encouraged to develop their own local, renewable energy generation?

Yes	
No	
Don't know/no opinion	

12. If you had the money to invest, and it gave a return as good or better than a building society, would you be interested in investing to help create a domestic or community energy generation proposal? (Please tick one box only)

Very interested	
Fairly interested	
Neither interested nor disinterested	
Not very interested	
Not at all interested	
Don't know/no opinion
